

Supporting the implementation of the Minimum Practice Standards for Specialist and Community Support Services Responding to Child Sexual Abuse (MPS)

For organisations who have already implemented the **National Safety and Quality Mental Health Standards for Community Managed Organisations**

85%

of the MPS are covered, indicating a small amount of work is needed to achieve full alignment.

I work in a Community Mental Health provider.

We are compliant with National Safety and Quality Mental Health Standards for Community Managed Organisations. I want to ensure we are meeting the MPS.

So how do the MPS differ from the National Principles?

The MPS are:

- More specific to child sexual abuse and harmful sexual behaviour.
- Relevant to Adult services.
- More emphasis on being Victim and Survivor Centred and Trauma-Informed.
- OoHC measures appear more focused around the client, their support and experience with less related to a service delivery organisation, governance, workforce etc.

Where will I have good coverage of the MPS?

Where will I need to focus my effort in implementing the MPS?

- Standard 1 – Cultural safety, Trauma-informed, Information sharing, Service locations, Rights, Language, Choice, Empowered decision-making, Disclosures
- Standard 2 – Service barriers, Person-centred service responses, Service relationships, Communications, Locations, Digital, Waitlists
- Standard 3 – Connections to families, family-led decision making, partnership working, Service responses, Needs-based, Referrals
- Standard 4 – Models of care (Trauma-informed, Lived and Living Experience, Co-design), Consent, Reporting, Goal setting, Service review, Conflict Mgt
- Standard 5 – Staff qualities, Accreditation, Wellbeing, Supervision, Safety, Staff support, Staff training
- Standard 6 – Governance, Communications, Complaints, Information, Privacy, Out-of-hours OH&S

- Standard 1 – None
- Standard 2 – None
- Standard 3 – Conceptual Frameworks ('more than' and 'distinguished from')
- Standard 4 – Conflict Mgt (victim of / responsible for)
- Standard 5 – Staff qualities, Safety (staff / clients)
- Standard 6 – Trauma-informed governance and leadership development. Conflicts of interest, Lived and Living Experience support, Procurement
